Ohh, Take me all away from here, I want to see this town in the rearview mirror.

G C D G C D
And when I have a taste of the whole wild world, I will surely return...

G C D
And I'll come see you down on the farm,

The hallowed ground of your hometown, I been away so long.

G C D G C D
And when I have a taste of the whole wild world, I will surely return...

G C D G C D

G C D G C D G
And when I have a taste of the whole wild world, I will surely return, and say I learned.

G C D G C D
Ohh, Would you go with me, there is a lot in the world to see.

G C D G C D
And when we have a taste of the whole wild world, we will surely return...

G C D
And we'll come see you at your place downtown.

G Em C D
The hallowed ground of your hometown, I been away so long.

G C D G C D
And when we have a taste of the whole wild world, we will surely return...

G C D G C D
And say we learned, a thing, or two, on the road, and it sure is good to be back home.

G C D G C D
And when we have a taste of the whole wild world, we will surely return,

G
and say we learned...
